# Classic lines still available

Many manufacturing lines that seem to have disappeared are in fact still in existence and under new ownership. If the one you are looking for is on the list below please call our Technical Support line and we will be pleased to update you with the current situation.

Advanced Analog.  
BKC.  
Comlinear  
Compensated Devices (CDI).  
CP Clare.  
Direct Energy.  
DPAC Technologies.  
ERA Group.  
Excelsus.  
Fairchild (Discrete Military).  
Fairchild (High Speed & Hybrid Amplifiers).  
Full Rise Electronic.  
Harris (Discrete Military).  
Intersil (Discrete Military).  
KOTA Microcircuits.  
Linfinity.  
LK Products.

Micronix.  
MicroWave Technology.  
Magnitude-3 (M-3).  
National Semiconductor  
(High Speed & Hybrid Amplifiers).  
New England Semiconductor.  
Omnirel.  
Raytheon.  
Semicoa.  
Signal Processing Technologies(SPT).  
Silicon General.  
Silicon Transistor Corp.  
Teccor  
Unitrode (Discrete).  
Valor.  
Varo.  
Xemics.

## **Obsolescence Policy.**

Solid State Supplies undertakes to inform both Procurement and the Standards Engineer of any customer who has bought any product from us in the last 24 Months if that product is to be made obsolete by the manufacturer.

This will be carried out within one working week of the manufacturer's notification and will, where possible, include recommendations regarding alternative products.
